## Treatment Works 2008

### Where to find help in California for alcohol and other drug problems

As Director of ADP, I am committed to ensuring that all Californians have an opportunity for a safe and healthy quality of life, including freedom from alcohol and drug addiction.

The Department of Alcohol and Drug Programs (ADP) is pleased to partner with California counties, communities, and alcohol and other drug service providers to promote the achievement of a drug free lifestyle for all communities of California. We know that treatment works. Every day in California thousands of people are enrolled in treatment and recovery programs, working to overcome their addiction.

This Directory is designed to assist individuals seeking help for alcohol and other drug-related problems by providing information about services available in California communities. It is distributed to organizations working in the field of alcohol and other drugs, education, rehabilitation, mental health, health care, community services, and, most importantly, to those individuals and families whose lives are affected by substance abuse.

We believe this Directory is a useful resource, and are delighted to provide it to the people of California. The Directory is also available on-line at:  
<http://txworks.adp.ca.gov>.

Thank you for your interest in a healthy California.

RENÉE ZITO, LMSW, CASAC  
Director

## ABOUT THIS DIRECTORY

**Treatment Works!** Do you know where to find help in your community for alcohol and other drug abuse problems? Call or write your county Alcohol and Drug Program Administration office, or call agencies listed in this directory. Some of the agencies listed specialize in alcohol recovery or drug abuse treatment. Others provide a broad range of services, which may include various community services or general mental health care. The services listed are self-reported by each agency. Please call ahead to determine which agency best suits your needs.

The Directory is divided by county, listing agencies alphabetically within each county. The symbol in the grid to the right of each provider's address corresponds with the type of services offered by the provider. Listed on the left hand side of each page are the types of services provided.

County Alcohol and Drug Program Administrative Offices and County Disability Access Coordinators are located in the front of the Directory. A glossary of service definitions and a City-County Index are located in the back of the Directory.

The information for this Directory was gathered in response to a Treatment Works survey conducted in 2001/2002. **Inclusion in this Directory does not constitute an endorsement by the Department of Alcohol and Drug Programs.**

## **ACCESS BY PERSONS WITH DISABILITIES TO ALCOHOL AND OTHER DRUG PROGRAMS**

Federal and State law accessibility laws<sup>1</sup> and regulations provide that no qualified person with a disability may be denied services or benefits, or be subjected to discrimination, by any service provider that receives federal or state financial assistance. Recipients of federal or state funds must operate their service endeavors to ensure that the entire program is readily accessible to persons with disabilities.

The Department of Alcohol and Drug Programs (ADP) is responsible for ensuring that county alcohol and drug program administrator's offices do not deny persons with disabilities any service or benefit of federal or state funded alcohol and other drug (AOD) programs. Each county is responsible for ensuring that its contract service provider's programs are accessible to persons with disabilities, do not discriminate against persons with disabilities and do not deny persons with disabilities and equal opportunity to participate in and benefit by the provider's services. ADP, each county, and each of the county's large contract AOD service providers must have a prompt and equitable resolution of complaints alleging any action or omission that transgresses federal or state accessibility laws or regulations. Each large (15 or more employees) contract service provider is required to designate at least one person to implement the provider's accessibility program and receive and resolve complaints alleging that provider's violation of federal or state accessibility regulations. These persons are referred to as disability access coordinators. The names, addresses and telephone numbers of the county disability coordinators are listed on the following pages. The toll free California Relay Service (CRS) is shown for counties that do not have their own TDD.

ADP's accessibility coordinator acts on behalf of the Department in matters relating to accessibility. This includes receiving and taking action on complaints alleging that ADP, a county AOD program administrator's office, or any county-contracted service provider has violated any accessibility law or regulation. The Department's coordinator receives and acts upon disability access complaints that are not satisfactorily resolved by a county or a county-contracted service provider. ADP's accessibility coordinator is located at 1700 K Street, Sacramento, CA 95814-4037, (916) 445-0643 or TDD (916) 445-1942.

## Fact Sheet:

# Resource Center

CALIFORNIA DEPARTMENT OF ALCOHOL & DRUG PROGRAMS

**The Resource Center (RC)** maintains a comprehensive collection of alcohol, tobacco, and other drug (ATOD) prevention and treatment information. The following information is a brief description of services provided to California residents at no cost through a Clearinghouse, lending service, Internet communication links, information and referral system, and conferences. Additionally, information is available to national and international customers through the ADP website.

### Clearinghouse

ATOD booklets, pamphlets, research papers, posters, technical manuals, and other printed materials are available upon request. The Clearinghouse provides information to community and school organizations, families and individuals, prevention and treatment programs, and government agencies. Printed materials are continually updated as new information is identified.

### Lending Services

A collection of specialized ATOD reference sources including books, journals, reports, and audiovisual materials. These materials are available for loan directly to employees of government agencies and organizations funded through county alcohol and drug programs and/or licensed and certified through ADP. In addition, materials are available to lending libraries through an interlibrary loan.

### Information, Referral, and Electronic Communications

The RC has two toll-free **non-crisis, non-emergency** statewide telephone numbers available for California residents needing alcohol, tobacco, and other drug prevention and treatment information. To visit or contact the RC for services:

#### **California Department of Alcohol and Drug Programs**

1700 K Street, First Floor  
Sacramento, CA 95811

[www.adp.ca.gov](http://www.adp.ca.gov)

Hours of operation are 8:00 a.m. to 4:30 p.m. Monday through Friday, excluding state holidays. The RC can be reached at:

#### **(800) 879-2772**

Monday – Friday  
8:00 a.m. – 4:30 p.m.

#### **(916) 327-3728**

Monday – Friday  
8:00 a.m. – 4:30 p.m.

#### **\*(800) 662-4357**

24-Hours/7 Days a Week  
(information only)

\*Answered by the U.S. Department of Health and Human Services

### Conferences

ATOD materials are provided for ADP sponsored conferences, events and workshops.
